As of the balance sheet date, the Group's proportion of capital contribution in this associate was 20%, with the proportion of ownership interest and voting rights equivalent to the proportion of capital contribution.

6. Statement on information comparability in the Consolidated Financial Statements

The corresponding figures of the previous year are comparable to those of the current year.

7. Employees

As of the balance sheet date, there were 96 employees working for the Group.

CAT LAI PORT JOINT STOCK COMPANY

Address: Nguyen Thi Dinh Road, Cat Lai Ward, Ho Chi Minh City, Vietnam

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2026

Notes to the Consolidated Financial Statements (Cont.)

II. FISCAL YEAR AND ACCOUNTING CURRENCY

1. Fiscal year

The fiscal year of the Group is from 1 January to 31 December annually.

2. Accounting currency unit

The accounting currency unit is Vietnamese Dong (VND) because payments and receipts of the Group are primarily made in VND.

III. APPLICABLE ACCOUNTING STANDARDS AND SYSTEM

1. Applicable Accounting System

The Group applies the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, which were issued together with the Circular No. 99/2025/TT-BTC dated 27 October 2025 on guidelines for accounting policies for enterprises, the Circular No. 202/2014/TT-BTC dated 22 December 2014 giving guidance on the preparation and presentation of Consolidated Financial Statements as well as other Circulars guiding the implementation of the Vietnamese Accounting Standards of the Ministry of Finance in the preparation and presentation of Consolidated Financial Statements.

2. Statement on the compliance with the Accounting Standards and System

The Board of Management ensures to follow all the requirements of the Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting System, which were issued together with the Circular No. 99/2025/TT-BTC dated 27 October 2025, the Circular No. 202/2014/TT-BTC dated 22 December 2014 as well as other Circulars guiding the implementation of the Vietnamese Accounting Standards of the Ministry of Finance in the preparation and presentation of Consolidated Financial Statements.

IV. APPLICABLE ACCOUNTING POLICIES

1. Basis of preparation of the Consolidated Financial Statements

All the Consolidated Financial Statements are prepared on the accrual basis (except for the information related to cash flows).

The Consolidated Financial Statements are prepared in Vietnamese and English, in which the Consolidated Financial Statements in Vietnamese are the official statutory financial statements of the Group. The Consolidated Financial Statements in English have been translated from the Vietnamese version. In the event of any discrepancy between the two versions, the Vietnamese version shall prevail.

2. Basis of consolidation

The Consolidated Financial Statements include the Financial Statements of the Parent Company and the Financial Statements of its subsidiaries. A subsidiary is a business that is controlled by the Parent Company. The control exists when the Parent Company has the power to directly or indirectly govern the financial and operating policies of the subsidiary to obtain economic benefits from its activities. In determining the control power, the potential voting right arising from share call options, debt or equity instruments that are convertible into ordinary shares as of the balance sheet date shall be taken into consideration.

The business performance results of the subsidiaries that are acquired or disposed of during the period are included in the Consolidated Income Statement from the date of acquisition or until the date of disposal of those subsidiaries.

The Financial Statements of the Parent Company and its subsidiaries used for consolidation are prepared for the same accounting period and apply consistent accounting policies for similar transactions and events in similar circumstances. In case the subsidiaries' accounting policies are different from those that are applied consistently within the Group, the appropriate adjustments

CAT LAI PORT JOINT STOCK COMPANY

Address: Nguyen Thi Dinh Road, Cat Lai Ward, Ho Chi Minh City, Vietnam

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2026

Notes to the Consolidated Financial Statements (Cont.)

should be made to the subsidiaries' Financial Statements before they are used to prepare the Consolidated Financial Statements.

Intra-group balances in the Balance Sheet and intra-group transactions and unrealized intra-group gains resulting from these transactions are eliminated when preparing the Consolidated Financial Statements. Unrealized losses resulting from intra-group transactions are also eliminated unless costs that cause those losses cannot be recovered.

Non-controlling interests ("NCI") include the gains or losses of the subsidiary's business performance results and net assets that are not held by the Parent Company and are presented in a specific item in the Consolidated Income Statement and the Consolidated Balance Sheet (as a part of the owner's equity). NCI include the value of NCI at the date of initial business combination and those in the changes of owner's equity commencing from that date.

Losses arising in subsidiaries are allocated to NCI based on the non-controlling shareholders' ownership rate in the subsidiaries, even if those losses exceed the non-controlling shareholders' ownership in the net assets of the subsidiaries.

3. Cash and cash equivalents

Cash includes cash on hand and demand deposits at banks. Cash equivalents are short-term investments of which the due dates do not exceed 3 months from the dates of the investments that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value as of the balance sheet date.

4. Financial investments

Held-to-maturity investments

Investments are classified as held-to-maturity investments that the Group intends and is able to hold to maturity. Held-to-maturity investments of the Group only include term deposits at banks. Interest income from term deposits at banks is recognized in the Consolidated Income Statement on the accrual basis.

Investments in associates

An associate is an entity which the Group has significant influence but does not have the right to control its financial and operating policies. Significant influence is the right to participate in making resolution on the associate's financial and operating policies but not control those policies.

Investments in associates are recognized in accordance with the equity method. Accordingly, the investments in associates are presented in the Consolidated Financial Statements by the initial investment costs and adjusted for changes in benefits on net assets of associates after the investment date. If the benefits of the Group in losses of associates are higher than or equal to book value of the investments, the value of investments will be presented in the Consolidated Financial Statements as zero unless the Group has an obligation to make the payment instead of associates.

The Financial Statements of associates are prepared for the same accounting period of the Group. In case the accounting policies of an associate are different from those consistently applied in the Group, the Financial Statements of that associate will be suitably adjusted before being used to prepare the Consolidated Financial Statements.

Unrealized gains and losses from transactions with associates are eliminated by the proportion belong to the Group when preparing the Consolidated Financial Statements.

CAT LAI PORT JOINT STOCK COMPANY

Address: Nguyen Thi Dinh Road, Cat Lai Ward, Ho Chi Minh City, Vietnam

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2026

Notes to the Consolidated Financial Statements (Cont.)

Investments in equity instruments of other entities

Investments in equity instruments of other entities include such investments in equity instruments that do not enable the Group to have the control, joint control or significant influence on these entities.

Investments in equity instruments of other entities are initially recognized at costs, including cost of purchase plus other directly attributable transaction costs. Dividend and profit of the periods prior to the acquisition of investments are deducted from the cost of such investments. Dividend and profit of the periods after the acquisition of such investments are recorded in the Group's financial income. Particularly, stock dividends received are not recorded as an increase in value, but the increasing quantity of shares is followed up.

Provisions for impairment of investments in equity instruments of other entities

For investments in equity instruments of other entities which are not listed organizations, of which the fair value cannot be measured at the time of reporting, provisions are made based on the losses suffered by investees, with the provision amount determined by the difference between owners' actual contributed capital and total owners' equity as of the balance sheet date multiplied (x) by the Group's rate of charter capital owning in these investees.

Increases/ (decreases) in the provisions for impairment of investments in equity instruments of other entities to be recognized as of the balance sheet date are recorded in "Financial expenses".

5. Receivables

Receivables are recognized at the carrying amounts less allowance for doubtful debts.

The classification of receivables as trade receivables and other receivables is made according to the following principles:

- Trade receivables reflect receivables concerning the commercial nature arising from purchase and sale transactions between the Group and customers who are independent to the Group.
- Other receivables reflect receivables not concerning the commercial nature and irrelevant to purchase and sale transactions.

Allowance is made for each doubtful debt after being offset against liabilities (if any). The allowance rate is based on the debts' duration of overdue or the estimated loss, as follows:

- As for overdue debts:
 - 30% of the value of debts with the duration of overdue from 6 months to under 1 year.
 - 50% of the value of debts with the duration of overdue from 1 year to under 2 years.
 - 70% of the value of debts with the duration of overdue from 2 years to under 3 years.
 - 100% of the value of debts with the duration of overdue from or over 3 years.
- As for the debts that are not overdue, but considered as doubtful debts: Allowance is made on the basis of the estimated loss.

Increases/ (decreases) in the allowance for doubtful debts to be recognized as of the balance sheet date are recorded in "General and administration expenses".

6. Inventories

Inventories are recognized at the lower of cost and net realizable value.

CAT LAI PORT JOINT STOCK COMPANY

Address: Nguyen Thi Dinh Road, Cat Lai Ward, Ho Chi Minh City, Vietnam

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2026

Notes to the Consolidated Financial Statements (Cont.)

Costs of inventories comprise costs of purchases and other directly attributable costs incurred in bringing the inventories to their present location and conditions.

The cost of inventories is determined using the weighted average method and recorded in accordance with the perpetual inventory system.

The Group's inventories mainly include tools reserved for the replacement and repair of machinery and equipment, and vehicles, which are kept in good condition and do not require additional allowance for inventories.

7. Prepaid expenses

Prepaid expenses comprise actual expenses arising and relevant to financial performance in several accounting periods. These prepaid expenses are allocated over the prepayment period or the period in which corresponding economic benefits are generated from these expenses.

The Group's prepaid expenses primarily include:

Expenses for tools

Expenses for tools in use are amortized using the straight-line method for the maximum period of 3 years.

Vehicle insurance premiums

Vehicle insurance premiums are amortized using the straight-line method over the insurance term.

Expenses for fixed asset repairs

Expenses for fixed asset repairs arising once with high value are amortized using the straight-line method in 3 years.

8. Tangible fixed assets

Tangible fixed assets are determined by their historical costs less accumulated depreciation.

Historical costs of tangible fixed assets include all the expenses paid by the Group to bring the asset to its working condition for its intended use. Other expenses arising subsequent to initial recognition are included into historical costs of fixed assets only if it can be clearly demonstrated that the expenditure has resulted in future economic benefits expected to be obtained from the use of these assets. Those which do not meet the above conditions will be recorded into operating expenses during the year.

When a tangible fixed asset is sold or disposed, its historical cost and accumulated depreciation are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the year.

Tangible fixed assets are depreciated using the straight-line method over their estimated useful lives. The depreciation years applied are as follows:

<u>Class of fixed assets</u>	<u>Number of years</u>
Buildings and structures	05 – 30
Machinery and equipment	03 – 12
Vehicles	06 - 10
Office equipment	03 - 06
Other fixed assets	02 - 06

9. Intangible fixed assets

CAT LAI PORT JOINT STOCK COMPANY

Address: Nguyen Thi Dinh Road, Cat Lai Ward, Ho Chi Minh City, Vietnam

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2026

Notes to the Consolidated Financial Statements (Cont.)

Intangible fixed assets are determined by their historical costs less accumulated amortization.

Historical costs of intangible fixed assets include all the costs paid by the Group to bring the asset to its working condition for its intended use. Other costs relevant to intangible fixed assets arising subsequent to initial recognition are included into operation costs during the period, otherwise, these costs are included into historical costs of fixed assets only if they are associated with a specific intangible fixed asset and result in future economic benefits expected to be obtained from the use of the asset.

When an intangible fixed asset is sold or disposed, its historical costs and accumulated amortization are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the year.

The Group's intangible fixed assets include:

Land use right

Land use right includes all the actual expenses paid by the Group directly attributable to the land being used such as expenses to obtain the land use right, expenses for site clearance compensation and ground leveling, registration fees, etc.

If the land use right is indefinite, it is not amortized. Land use right granted by the State with obligation to pay land use fees is amortized using the straight-line method over the land granted period (50 years).

Computer software

Costs to obtain computer software, which is not a part associated with the relevant hardware, will be capitalized. Costs of computer software include all the expenses paid by the Group until the date the software is put into use. Computer software is amortized using the straight-line method in 03 - 04 years.

10. Construction-in-progress

Construction-in-progress reflects the expenses (including relevant borrowing interest expenses following the accounting policies of the Group) directly attributable to the construction of plants and the installation of machinery and equipment to serve for production, leasing, and management as well as the repair of fixed assets, which have not been completed yet. Assets in the progress of construction and installation are recorded at historical costs and not depreciated.

11. Payables and accrued expenses

Payables and accrued expenses are recorded based on the amounts payable for goods and services already used. Accrued expenses are recorded based on reasonable estimates for the amounts payable.

The classification of payables as trade payables, accrued expenses and other payables is made on the basis of following principles:

- Trade payables reflect payables of commercial nature arising from the purchase of merchandise, services, or assets and the seller is an independent entity with the Group.
- Accrued expenses reflect expenses for goods, services received from suppliers or supplied to customers but have not been paid, invoiced or lack of accounting records and supporting documents; pay on leave payable to employees; and accrual of operating expenses.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of merchandise or rendering of services.

CAT LAI PORT JOINT STOCK COMPANY

Address: Nguyen Thi Dinh Road, Cat Lai Ward, Ho Chi Minh City, Vietnam

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2026

Notes to the Consolidated Financial Statements (Cont.)

Payables and accrued expenses are classified into short-term and long-term ones in the Consolidated Balance Sheet based on the remaining terms as of the balance sheet date.

12. Owners' equity

Owners' contribution capital

Owners' contribution capital is recorded according to the actual amounts invested by the shareholders.

Share premiums

The differences between the issuance price and face value upon the IPO, additional issue or the difference between the re-issuance price and carrying value of treasury shares and the equity component of convertible bonds upon maturity date are recognized into share premiums. Expenses directly attributable to the additional issue of shares and the re-issuance of treasury shares are recorded as a decrease in share premiums.

13. Profit distribution

Profit after tax is distributed to the shareholders after appropriation for funds under the Charter of the Company as well as legal regulations and approved by the General Meeting of Shareholders.

The distribution of profits to the shareholders is made in consideration of non-cash items in retained earnings that may affect cash flows and the ability to pay dividends such as profit from revaluation of assets invested in other entities, profit from revaluation of monetary items, financial instruments and other non-cash items.

Dividend is recorded as payables upon approval of the General Meeting of Shareholders.

14. Recognition of revenue and income

Revenue from rendering of services

Revenue from rendering of services shall be recognized when all of the following conditions are satisfied:

- The amount of revenue can be measured reliably. When the contract stipulates that the buyer is entitled to return the services provided under specific conditions, revenue is recognized only when those specific conditions no longer exist and the buyer is not entitled to return the services rendered;
- The Group received or shall probably receive the economic benefits associated with the rendering of services;
- The stage of completion of the transaction at the end of reporting period can be measured reliably;
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

In the case that the services are rendered in several accounting periods, revenue is recognized on the basis of the stage of completion as of the balance sheet date.

Revenue from operating leases

Revenue from operating leases is recognized in accordance with the straight-line method during the lease term. Rentals received in advance for several periods are allocated to revenues in consistence with the lease term.

Interest

Interest is recorded based on the term and the actual interest rate applied in each particular period.

CAT LAI PORT JOINT STOCK COMPANY

Address: Nguyen Thi Dinh Road, Cat Lai Ward, Ho Chi Minh City, Vietnam

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended 31 December 2026

Notes to the Consolidated Financial Statements (Cont.)

Dividend income

Income from dividends is recognized when the Group has the right to receive dividends from the investees. Particularly, stock dividends received are not recorded as an increase in value, but the increasing quantity of shares is followed up.

15. Borrowing costs

Borrowing costs are interest expenses and other costs that the Company directly incurs in connection with the borrowings.

Borrowing costs are recorded as expenses when incurred.

16. Expenses

Expenses are those that result in outflows of the Group's economic benefits and are recorded at the time of transactions or when incurrence of the transaction is reliable regardless of whether payment for expenses is made or not.

Expenses and their corresponding revenues are simultaneously recognized in accordance with matching principle. In the event that matching principle conflicts with prudence principle, expenses are recognized based on the nature and regulations of accounting standards in order to guarantee that transactions can be fairly and truly reflected.

17. Corporate income tax

Corporate income tax only includes current income tax, which is the tax amount computed based on the taxable income. Taxable income is different from accounting profit due to the adjustments of temporary differences between tax and accounting figures, non-deductible expenses as well as those of non-taxable income and losses brought forward.

18. Related parties

Parties are considered to be related parties in case that one party is able to control the other party or has significant influence on the financial and operating decisions of the other party. Parties are also considered to be related parties in case that they are under the common control or under the common significant influence.

In considering each possible related party relationship, attention is directed to the substance of the relationship and not merely the legal form.

19. Segment reporting

A business segment is a distinguishable component of the Group that is engaged in manufacturing or providing products or services and that is subject to risks and returns that are different from those of other business segments.

A geographical segment is a distinguishable component of the Group that is engaged in manufacturing or providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments.

The segment information is prepared and presented in conformity with the accounting policy applied for the preparation and presentation of the Group's Consolidated Financial Statements.

V. ADDITIONAL INFORMATION ON THE ITEMS OF THE CONSOLIDATED BALANCE SHEET

Value added tax (VAT)

The Group has to pay VAT in accordance with the deduction method. The VAT rates are as follows:

Providing clean water	5%
Other services	8% - 10%

Corporate income tax (CIT)

Companies within the Group have to pay CIT for taxable income at the rate of 20%.

The CIT liabilities of companies within the Group are determined based on the prevailing regulations on taxes. However, these regulations may change from time to time and regulations applicable to variety of transactions can be interpreted differently. Therefore, the tax amount presented in the Consolidated Financial Statements could change when being inspected by the Tax Authorities.

Property tax

Property tax is paid in accordance with the Tax Authority's notice.
